

Treat on popcorn

The last few years when Sil treat to school for his birthday he always wanted to treat on Popcorn. And preferably the self-baked with sea salt. So we made a lot of popcorn for the whole class. And every year another theme Sil liked. Like bowling, starwars, dinosaurs etc.

This year theme was bowling!

Brown paper bag filled with popcorn, closed with red/white dotted maskingtape and a print on it.

Last year Starwars!

Made Lightsabers from straws and aluminum foil.

And Lise also love to eat popcorn so she decide to treat also on popcorn this year.

On balletschool she treated on paper bags with popcorn with a ballroomdress on.
